**Notes**

- The above unaudited financial results reviewed and recommended by the Audit Committee were approved by the Board of Directors at its Meeting held on 10th Aug 2023.
- These financial results have been prepared in accordance with Indian Accounting Standards ("IND AS) prescribed under Section 133 of the Companies Act, 2013 read with the relevant rules thereunder and in terms of Regulation 33 of SEBI (Listing Obligation and Disclosure Requirements) Regulations, 2015 and SEBI Circular dated 5 July, 2016.
- Figures have been regrouped or rearranged, wherever necessary.
- The Extended Producer Responsibility (EPR) business is one of the highest business generators for the company. There is a reduction in turnover as there is a delay in rollout of Central Pollution Control Board (CPCB) portal to complete the registration & allocation process as per the new E Waste rules, 2022 and only after the registration & audit process, the generation of EPR certificates is possible over the portal. Now that the portal is opened for completing the process, we expect the EPR business to start soon.
- Lack of working capital led the company to be more dependent on back-to-back refurbishment orders which affected the margin.
- Company has started "Refurbishment as a Service " business vertical. The Company is providing the services to couple of large global corporates and signed an agreement with these companies for 3 years. This activity has started from May 2023.
